Dear Priestmead Parents and Carers,

We're excited to again share some **big news** about the ambitious project that could transform sport, wellbeing, and community life at Priestmead.

The school has resubmitted our planning application to develop AstroTurf pitches on our school grounds following detailed discussions with Harow Council. Planning has already been through one stage, and following feedback, the designs have been refined and improved. We're now ready to take the next step, and **we need your support**!

Why this matters
If approved, Priestmead would become **the only primary school in Harrow with not one, not two, but *three* AstroTurf pitches**. This is a genuinely exceptional opportunity for our children and our wider community.
What this means for Priestmead and Harrow

- **Outstanding sports provision**
  Year-round, high-quality playing surfaces that allow more children to be active, confident, and engaged in sport, whatever the weather.
- **A community sports hub**
  The pitches will be available for community use outside school hours, strengthening links with local clubs, families, and organisations.
- **Sustainable income for the school**
  Letting the pitches to external groups will generate vital income that can be reinvested directly back into Priestmead, supporting learning, facilities, and opportunities for all pupils.

This project is about maximising our grounds, future-proofing the school, and creating something special for children and families now and for years to come.

How you can help
The re-consultation period is now open, so **positive feedback from our parent community is incredibly important**. Your voices can help demonstrate just how valuable this development is for Priestmead and the wider area. The consultation window closes **very soon on Thursday 19th February** and all the details to make a difference are on the next page.

Last time we went through planning, we received around 30 responses.
With over 900 children at Priestmead, we know we can do so much better than that.
We really believe this is achievable.
We can do this.
Thank you, as always, for being such a strong and supportive school community.

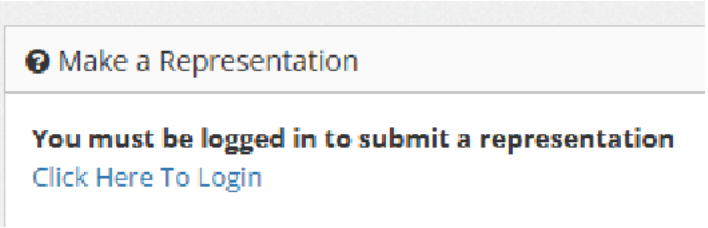

Warm regards,
The Priestmead Team
